

CHP-80/160 CO₂ Incubator

Features

- Microprocessor control
- Digital display setting and actual temperature
- Over temperature alarm, PID self-tuning
- Digital display running timer
- Stainless steel interior, with glass inner door
- CO₂ sound and light alarm
- Double gas filter, part warm door to avoid fogging
- Heating mode: water jacket

Technical Specifications

MODEL	CHP-80	CHP-160
Capacity	80L	160L
Working size	500x400x400	500x500x650
Power	680W	950W
Temperature range	RT+5-50°C	
Temperature resolution	±0.5°C	
Timer	0-999min	
CO ₂ range	0-20%	
CO ₂ precision	±0.1%	
Voltage	110V 60Hz/220V 50Hz	
Dimension	580x570x850mm	680x670x1000mm
Package	670x650x940mm	780x750x1090mm
G.W./N.W.	58/46KG	98/66KG
