

OC-10

Oxygen Concentrator

(Single flow)

ADVANTAGES

1. Double flows are available.
2. Support 24 hours working.
3. High oxygen purity and continuous flow.
4. Different oxygen pressure machine for selection.

Technical Specifications

PARAMETER	SPECIFICATION
Flow Rate	0-10LPM
Oxygen Purity	93% (+/-3%)
Outlet Pressure	6-10PSI/20PSI
Sound Level	≤50db
Power Consumption	≤880W
LCD Display	Switch times, Operating pressure, Present Working Time, Accumulating Time, presetting Time for 10mins to 40hours
Alarm	Power failure alarm, High&Low pressure alarm
N.W./G.W.	27/29KG
Size	435*435*640mm
