

SA-F Veterinary Digital Floor Scale

Features

Floor scale consists of high quality carbon steel/ stainless steel weighing platform, high precision load cell and intelligent indicator. Weighing platform is U shaped beam steel structure which surface coats anti-corrosive paint to make beautiful shape. firm structure, Floor scale's property is stable and reliable, easy to operate, weighing data transferred to computer and scum board via indicator

Dimension	Capability	Specification
0.8*0.8(m)	Up to 10t	A) Single deck B) Carbon steel structure, power-coated C) U-shape beams by moulds D) With load cells E) Indicator optional F) With junction box
1.0*1.0(m)		
1.2*1.2(m)		
1.2*1.5(m)		
1.5*1.5(m)		
1.5*2.0(m)		
1.5*3.0(m)		
2.0*2.0(m)

Add: Room 402, Unit 6, Building 27, Pingchou District 2, Jiangdong Street,
Yiwu, Jinhua, Zhejiang Province

PARAMETER	SPECIFICATION
Material	Carbon steel/Stainless steel
Power Supply	220V AC/50Hz
Display Type	LED/LCD
Load Cell Sensitivity	$2.0 \pm 0.002 \text{mv/v}$
Qty of load cell	4
Working environment temperature	0 - 40°C
