

T.IVB Hanging Tower

Introduction

T.IVB ICU Pendant is an economic equipment for ICU room and general operation room.

Features

- The control cabinet of tower crane adopts imported high-strength aluminum alloy of patent technology for the one-off extrusion molding, and the surface undergoes the primary oxidation treatment.
- Aluminum molding tray with non-slip texture.
- Mechanical friction damping brake.
- Gas pipeline, power supply and computer communication line are arranged without interference.
- The tower adopts German standard gas terminal (over 20,000 of inserting and pulling out).

Basic configuration

Four power outlets, one internet outlet, one oxygen, one suction gas, one compressed air (German style terminal) (optional gases)
